Fall Undergraduate Student Cohort Enrollment by Financial Aid Status

Cohorts shown use the official Registrar datasets (same data as is used in IPEDS)

Financial aid includes only that awarded in a student's first year. This allows comparability between years.

Students beginning in Spring Terms are not shown.

Students are separated into 3 groups:

Students who have received a Pell Grant at *any* time while at Woodbury

Students who have a Subsidized Stafford or Perkins Loan (and NO Pell Grant) at *any* time while at Woodbury

Everyone else

Rows with fewer than 10 students have been removed. As a result, totals are lower than actuals.
