July 19, 2002

Kenneth R. Nielsen, President
Woodbury University
7500 Glencoaks Blvd.
Burbank, CA 91510-7846

Dear President Nielsen:

At the July 2002 meeting of the National Architectural Accrediting Board (NAAB), the board reviewed the Visiting Team Report for the Woodbury University Department of Architecture. As a result, the professional architecture program:

Bachelor of Architecture (5 years)

was formally granted a six-year term of accreditation. The accreditation term is effective January 1, 2002. The program is scheduled for its next accreditation visit in 2008.

Accreditation is subject to the submission of Annual Reports. Annual Reports are due by June 1 and must include a response to each condition identified as not met and to each cause of concern listed in the Visiting Team Report, a brief summary of changes that have been made or may be made in the accredited program, and the two-page statistical report. If an acceptable Annual Report is not submitted to the NAAB by the time of its fall board meeting, the NAAB may consider advancing the schedule for the program's next accreditation sequence. A complete description of the Annual Report process can be found on pages 41-42 of the 1998 Conditions and Procedures.

NAAB encourages public dissemination of information about each school contained in both the school's Architecture Program Report and the Visiting Team Report. If the Visiting Team Report is made public, then it is to be published in its entirety.

The visiting team has asked me to express its appreciation for your gracious hospitality.

Very truly yours,

Kenneth A. Schwarz, FAIA
President
