Office of Student Development
Program Student Learning Goals & Outcomes

Identity
Goal: Students will use their skills and talents to enrich the human experience.

Outcomes:
1. Students will identify resources to foster academic success.
2. Students will develop their skills and talents.
3. Students will assess factors that hinder and support their academic and personal growth.
4. Students will apply social, physical, mental, spiritual, and intellectual aspects of their personal identity to transform the larger community.

Integrity
Goal: Students will practice and defend academic and personal integrity.

Outcomes:
1. Students will identify opportunities to apply values of honesty, trustworthiness, and responsibility.
2. Students will develop a framework for ethical problem solving.
3. Students will assess the impact of their behavior on others.
4. Students will apply a framework for ethical decision making across multiple environments.

Scholarship
Goal: Students will value learning as the fundamental purpose of their membership in the Woodbury community.

Outcomes:
1. Students will identify the relationship between curricular and co-curricular learning.
2. Students will develop academic success strategies from within curricular and co-curricular environments.
3. Students will assess new information in the context of existing knowledge.
4. Students will apply the strategies of active, lifelong learners.

Community
Goal: Students will promote a positive campus environment by respecting the rights and contributions of every individual.

Outcomes:
1. Students will identify ways in which they are engaged as citizens in the Woodbury community.
2. Students will develop a plan by which they will contribute to local and global communities.
3. Students will assess their capacity for service to others.
4. Students will demonstrate respectfulness in their interactions with diverse peoples and perspectives.
