Welcome to Woodbury!

SPRING 2016

We are delighted you have chosen to continue your education at Woodbury University. When you applied for admission, you took an important step toward reaching your goals. Student Orientation, Advising, and Registration (SOAR) is the next step on that journey.

Required of all newly admitted students, SOAR brings together faculty and students for an initial discussion of program requirements and tools for success. SOAR helps prepare you for the rigorous standards ahead and exposes you to an array of support services available from your new campus community.
